Twenty-one members from the club traveled to Ocean City, Maryland to participate remotely in the Student Television Network (STN) Convention. Altogether, seven video entries were completed on time and submitted for judging. The Crazy 8 Documentary team discovered the K-Coast Surf Shop, born in OC Maryland in 1989, and beautifully told their story. Their film impressed the judges enough to be awarded 3rd in the Nation but the real win is the experiences and learning that the students will have forever.
